NORTHGATE Q 4013

Dear Mr Fogarty

RE: CONCERNS OF MR GRAHAME WHEELER

The CMC is in receipt of your correspondence to Mr Neil Roberts MP in which you refer the concerns of Mr Grahame Wheeler about the Office of Fair Trading.

Officers in Complaints Services have previously considered the concerns raised by Mr Wheeler about the decision of the Office of Fair Trading to discontinue its investigation into persons who are/have been involved in carrying out unlicensed private investigations in Queensland for the Federal Department of Veterans Affairs.

The CMC considered the available information and noted the Office of Fair Trading advised Mr Wheeler that the decision to discontinue its investigation of his concerns was based on legal advice. On that basis, we are of the view that there is no suggestion of official misconduct on the part of any employee of the Office of Fair Trading.

Mr Wheeler has also been advised that should he remain concerned that the decision making process undertaken by the Office of Fair Trading was not transparent, or it did not take into account all relevant matters, he could seek to have the State Ombudsman review the process.

Though we appreciate that this matter is of concern to Mr Wheeler, the CMC is unable to assist you.

Yours sincerely

A handwritten signature in black ink, appearing to read "Helen Couper".

HELEN COUPER
